

ICIP 2019

IEEE International Conference on Image Processing
SEPTEMBER 22-25, 2019 • TAIPEI, TAIWAN

IEEE
Signal Processing Society

CALL FOR TUTORIALS REGISTRATION!

14 Excellent Tutorials

- Advance tutorial fee deadline extended to July 31
- 50% group discount

Tutorial List

Tutorial 1: Architecture Design and Interpretability of Convolutional Neural Networks

Tutorial 2: Evaluating and Processing Partially- Artificial Images

Tutorial 3: Human Pose Estimation and Action Recognition

Tutorial 4: Image-to-Image Translation

Tutorial 5: Multiple Objects Tracking (MOT) in Videos

Tutorial 6: Vision and Text: Search, Generation and Translation

Tutorial 7: Photometric 3D Reconstruction

Tutorial 8: Image and Video Source Identification

Tutorial 9: Deep Learning for Image Transformation

Tutorial 10: Generalized Operational Neural Networks

Tutorial 11: Deep Learning for Image and Video Processing

Tutorial 12: Deep Metric Learning for Image and Video Understanding

Tutorial 13: Efficient Image Processing with Deep Neural Networks

Tutorial 14: Multisensory Video Processing and Learning for Human-Robot Interaction
